We took pictures of the site and the fencing during our last site tour. I need to get those pictures to Sam, ASAP with the date that they were taken.

Sam,

Mr. Lewis is available to visit on August 24 or could do a conference call. Is it okay for me to have Odessa schedule?

Dear Mr Gray: Both the 16th and 20th now have been scheduled in other towns, but I can meet in the afternoon of August 24th in Dallas. If that won't work, perhaps we should try a telephone conference call. Fred Lewis (b) (6)

I prefer coming in person considering the gravity of the situation. I can come to Dallas August 16 or 20. Please let me know if those work and a time. Fred Lewis

Hi Mr. Lewis,

Thank you for your email. I am certain our team would appreciate your feedback. Would you like to come to Dallas for a meeting or do you prefer a conference call?

What is your schedule?

Subject: San Jacinto Waste Pits

Dear Mr Gray: Layla suggested I contact you. I am an attorney and head of a civic engagement nonprofit helping people organize related to the San Jacinto Waste Pits Superfund Site. I would like to discuss with the Regional 6 EPA office the fact that because of grossly inadequate fencing and warnings people are fishing within 10-500 yards of the dioxin-laden superfund site. Not only have our employees seen this repeatedly, but I saw it myself this last weekend. I also would like to discuss temporary fixes before full remediation at the site. Fred Lewis
